Chiloquin Jr/Sr. High School

MISSION STATEMENT

The staff of Chiloquin Jr/Sr High School will collaborate and promote AVID systems school-wide to create a college-going culture and improve academic performance.

Where did the time go?

Dear Parents and Guardians,

We have just completed our first semester successfully. The final grades are still being finalized, but overall the students did very well in this year of change. We will continue to ask that the students keep taking their Cornell Notes, keep a notebook, and participate in weekly binder checks to keep the positive momentum going into this next semester.

As the new semester gets started here are some things to keep in mind so that we can finish off this school year on a good note.

First, I would like to say "THANK YOU" for being patient with us as we have been maneuvering through some challenging days of inclement weather this year. My hope is that on February 2nd that the infamous groundhog, *Punsutawney Phil,* does not see his shadow so we can have an early spring.

Speaking of spring it also means that graduation is not too far behind. If you are a senior parent I need your help. As we begin second semester this is the time where our seniors need additional encouragement to complete their college and scholarship applications. Your assistance on this would be greatly appreciated.

Also, as we continue to increase the instructional standards throughout the campus just a reminder that we do offer tutoring before and after school for all of our students. We recommend hat your student take advantage of it.

Finally, I am still looking for parent volunteers to assist with revising the school improvement plan. If you are interested please let me know.

Thanks again for your support!

Denise Brumels
Principal
