Dear Parents and Guardians,

The time is soaring by as we are almost finished with this school year. We are at a critical time in regards to students staying on track, so they can graduate on time.

Here again is where I need your help parents. Please review your students' grades regularly and encourage your students to seek tutoring opportunities with their teachers if needed. Teachers are available before and after school to assist with this.

Also, we are beginning state testing and I have enclosed the dates that each grade level will be testing on. It is important to refrain from scheduling appointments for your students on these days because these tests help to determine what additional resources may be needed for this upcoming year. In addition, 11th graders are strongly encouraged to pass these tests, so they have met their essential skills requirement for graduation.

Finally, we were able to secure another grant from the Nike Innovation Foundation to support our AVID systems for this upcoming year. Additionally, to the Nike Grant we also have the Gear-Up grant that continues to support our 7th-9th graders this year and 10th graders will be added next year. Without these grants the instructional field trips, issuing of school supplies, offering an AVID elective class, and professional development for teachers would not be occurring. We are grateful for these opportunities and we are confident that these will help Chiloquin to continue to grow.

Parents please enjoy your Spring and I look forward to seeing you at upcoming school events.

MISSION STATEMENT

The staff of Chiloquin Jr/Sr High School will collaborate and promote AVID systems school-wide to create a college-going culture and improve academic performance.

I am still looking for parent volunteers to assist with revising the school improvement plan. If you are interested please let me know.
