Lunchroom

The lunchroom is operated by the school district to provide nourishing and inexpensive lunches. Students must be served in a short period of time and lunches are consumed in a confined area. Therefore, student cooperation is essential to provide this service. The following guidelines are for this purpose:

1. "Cutting in" or other discourteous conduct in the waiting lines is not allowed.
2. Spilled or dropped food is sometimes unavoidable, but when it happens it is the student's responsibility to see that it is cleaned up.
3. All cartons, wrappers, napkins and other debris are to be removed from the tables and deposited in the garbage can.
4. Unbecoming lunchroom behavior will result in loss of lunchroom privileges and/or work assignments.
5. There will be no refunds or drawing from a student's lunch account until the end of the school year.
6. No students will be allowed to accumulate lunch charges in excess of five days.

Computer Use

Students are responsible for good behavior on school computer networks. General school rules for behavior and communications apply. The network is provided for students to complete course work. Independent access to network services is provided to students who agree to act in a considerate and responsible manner. It is assumed that students will comply with district standards and will honor the agreements they have signed.

The following are not permitted on district computers or networks:

1. Sending or displaying offensive messages or pictures; e.g., sexual, drug, violence or alcohol related messages.
2. Using obscene language.
3. Harassing or insulting others.
4. Damaging computers, computer systems, or computer networks.
5. Attempting to circumvent security programs established on networks.
6. Violating copyright laws.

7. Using others' passwords.
8. Trespassing in others' folders, work, or files.
9. Employing the network for commercial purposes.

Violations of district guidelines for computer and network use may result in loss of access and additional disciplinary sanctions as determined by the building administration and or district policy.

Great Basin Homeschool Center has a limited number of computers with internet cards for loan. These are for use in areas that internet services is not available.

Discrimination/Harassment

It is the policy of Klamath County School District, Great Basin Homeschool Center and the State Board of Education that there will be no discrimination or harassment on Klamath County School District grounds based on race, color, sex, marital status, religion, national origin, age or handicap in any educational programs, activity, or employment. Persons having questions about equal opportunity and non-discrimination should contact the administrator of Great Basin Homeschool Center or the superintendent of county schools.

Dress Code and Grooming Standards

Students are expected to use good judgment in selecting clothing to be worn to school. Extremes in dress or grooming that are physically revealing or become a disruptive influence are not allowed.

For health and safety reasons, students are required to wear shoes and shirts at all times.

Emergency Drills - Fire and Earthquake

Fire drills are held at various times during the year. Directions for leaving the building will be posted in each room. Students should know where to go when the fire alarm sounds and should proceed immediately in an orderly fashion to the building exits as directed and move out at least 50 feet from the entryways. Students are to return to class when the all-clear signal is given.

During an earthquake drill, students are to remain where they are. If indoors, take cover under a desk or table. If outdoors, move away from the building. Stay in place until the signal is given, then evacuate the building. Another signal will be given when it is clear to re-enter the building.

Emergency School Closures

In the event that bad weather causes school closure or a delayed opening, the radio stations listed below will begin announcing this information at approximately 6:00 a.m. or as soon as a decision is reached. Schools will be open unless the District announces closure or a delayed opening. Please do not call your school or the administration office. Those lines must remain clear for other calls related to the closure or delayed opening.

AM	KAGO	1150	FM	KAGO	99.5
	KFLS / KKR	1450		KFLS	106.9
	KLAD	960		KLAD	92.5
TV	KOTI	Channel 2			
	KTVL	Channel 4			
	KDKF	Channel 12			

Please do not telephone the stations. Frequent announcements will be made. School closure results in automatic cancellation of the school activities program unless information to the contrary is specifically released. Be sure your child knows where to go if an emergency is declared and schools are closed early. Most parents have made arrangements with a neighbor who lives close by to take care of their children when no one is at home. This should be within walking distance of your home.

Field Trips

Field trips may be scheduled for educational, cultural, or other extracurricular purposes. All students are considered to be "in school" while participating in district-sponsored field trips. Students are subject to the schools' student conduct rules, applicable board policy and such other rules as may be deemed appropriate by the field trip supervisor.

Graduation Requirements

In order to graduate from high school in the district, a student must successfully complete 24 credits. The state of Oregon requires all students to complete a certain series of courses and demonstrated proficiencies.

A student in the regular high school program is required to complete the following courses: Language Arts (4 credits); Mathematics (3 credits); Science (3 credits); Social Sciences (3 credits); Physical Education (1 credit); Health Education (1 credit); Career Development (1/2 credit); Applied Arts, Fine Arts, or Foreign Language (3 credit); and various electives (5.5 credits), including a senior project for 1/2 credit, for a total of 24 credits.

All classes must:

- Develop an education plan and build an educational profile.
- Demonstrate extended application through a collection of evidence
- Participate in career related learning experiences.

Health Services

School health services are provided by registered nurses in Klamath County School District to support students with complex, chronic health needs; to support health education for students and staff; and to provide school health services that comply with national, state and local mandates. The KCSD nurses believe that each student's health has a direct effect on his/her educational achievement and that healthy students are better learners.

If your student has health needs which may require nursing services, please contact your school principal, or the KCSD Health Services at 541-851-8740.

Illness or Injury Occurring at School

At times a student may have signs or symptoms of illness and need to be excluded from school until diagnosed and treated by a licensed health care provider or until recovered.

If the student becomes too ill to remain at school, or has an injury requiring medical evaluation the student will be released to the student's parents or to another person as directed by parents on the student's emergency form. School staff will administer emergency or minor first aid as necessary. The school will contact emergency medical personnel, if needed, and will attempt to notify the student's parents whenever a student has been transported for treatment.
