## Smarter Balanced Statewide Assessments

Brixner 7th and 8th grade students have been taking the Smarter Balanced English Language Arts state-wide assessments, during their English class. They are now starting the Smarter Balanced Math testing. It is extremely important that your child is not absent during testing. Please make sure your child is getting a good night's rest and a healthy breakfast at home or at school during testing. The state-wide tests are used to measure how Brixner students are doing compared with other schools and districts. They also are used to determine how the individual student is progressing toward meeting grade-level standards. Students' performance is increasingly important as these assessments are **now part of graduation requirements** and students need to be at grade-level performance to stay on track for graduation.

## WARM WEATHER DRESS

Warm weather is on it's way! Please remember that Brixner has a dress code. Shorts and skirts must extend below your student's outstretched fingertips (as do rips and tears in clothing). Undergarment straps or bands must not be exposed nor can we have shirts that expose bare backs. Sleeveless shirts are not allowed. We appreciate in advance your cooperation and partnership with us on this matter.
