

February 15, 2018

For years, our families and guests have enjoyed easy access to their children inside Henley Middle School.

Unfortunately, times have changed and Henley Middle School must also. Our goal is to educate your children while keeping them safe.

We are in the process of having new security devices installed on our exterior doors. All doors will be locked during school hours.

Soon, visitors must press the buzzer located at the front door, identify themselves, and wait for the office to unlock the door. The visitor's image will be shown on a screen for the office to view before entering. Unfamiliar faces will be required to show photo identification. All visitors must still check in at the front office upon entering the building.

By locking the doors throughout the school day, we can assure that our school will only contain people who have a need to be here.

This safety measure is one assurance that Henley Middle School will be safer and more secure.
