School Goals

Gilchrist School strives to promote student success by recognizing academic achievement, and by helping students to regularly attend school. Through our academic and attendance initiatives, students are recognized and rewarded quarterly for academic success and regular attendance. Programs such as AVID, Step-up, and a robust CTE program have proven successful to increase academic success. Also, we work to inform parents of the importance of regular attendance. Due to this work, we have seen academic success and improved attendance rate for our school over the last year.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

Gilchrist School strives to ensure all students and their parents a safe and secure learning environment. School wide safety plans have been implemented and are revised yearly. Also, ongoing safety education and training with students and staff occur throughout the school year. We have opportunities to help students and staff recognize bullying and harassment, and provide strategies for intervention. Our school encourages all of our students to speak up when they see bullying.
